

Creative Writing Challenge 3

Descriptive writing – The Seasons

Write detailed descriptions for the seasons. Think about your descriptive language, adverbial phrases and conjunctions.

Extension ideas:

- Create a new season. What would it be called? What would the weather and world look like during this new season?
- Write a recipe for the perfect season of your choice.
- Create an imaginary diary entry for a flower or tree as it passes through a year of seasons. Describe how it feels in each season and what might happen to it.
