

## Activity:

The aim of this activity is for children to practise ordering numbers to 50 in ascending and descending order. Children are allowed to use each number card more than once to complete this activity. Allow children to explore with the numbers and decide their final answer.

## Vocabulary:

$>$   $<$   $=$  are comparison symbols used to represent more than ( $>$ ), less than ( $<$ ) and equal to ( $=$ ).

## Supporting resources:

You can watch a video tutorial about ordering numbers within 50 on [kids.classroomsecrets.co.uk](https://www.classroomsecrets.co.uk) >> **Year 1** >> **Maths** >> **Place Value** >> **Video Tutorials**.

You can watch the answer explanation video which takes children through this activity and ways to answer it on <https://www.youtube.com/user/ClassroomSecretsLtd/playlists> >> **Year 1 Playlist** >> **Order Numbers Within 50 Answer Explanation**.

## Other resources:

If your child enjoyed this activity and wants to try more activities linked to this learning, you can sign up for £4.83 per month on [classroomsecrets.co.uk/membership](https://www.classroomsecrets.co.uk/membership).

**Check out our daily timetable for Year 1 home learning activities on [kids.classroomsecrets.co.uk](https://www.classroomsecrets.co.uk) >> Home Learning Timetable.**

## Order Numbers Within 50

Use the number cards to explore different ways of completing the statements below. You can use each card more than once.

25

36

42

39

27

48

13

Accept any answer that shows the numbers ordered accurately from greatest to smallest and from smallest to greatest. Some examples are shown below.

$$42 > 39 > 27 > 13$$

$$25 < 36 < 42 < 48$$

$$39 > 36 > 27 > 25$$

$$13 < 36 < 39 < 42$$

$$48 > 42 > 27 > 13$$

$$27 < 36 < 39 < 48$$
