

Recognising Coins

1. Count the coins and write how much money each person has.

Daisy

Tim

2. Joe dropped his wallet and he lost some coins. Which coins did he lose?

Before

After

3. Peter and Sally both count their own money. Peter thinks they both 2 have gold coins so they must have the same amount on money.

Peter's money

Sally's money

Is Peter correct? Explain how you know.
