

# Related Facts

Boris the builder is building a wall with a length of 17 bricks. He uses grey and brown bricks.

I used 14 brown bricks and 3 grey bricks.

$$14 + 3 = 17$$

$$3 + 14 = 17$$

$$17 - 3 = 14$$

$$17 - 14 = 3$$

Explore other combinations of brown and grey bricks that Boris could use to build the wall. Find 3 possible combinations. Complete the related facts for each possibility.
