

Worksheet:

The aim of this activity is for children to practise using 'and' to join two sentences or short clauses together to form one sentence. There are a number of questions to complete. The first four questions allow children to practise the skill, while the next three questions extend them as they have to apply their learning to get the answer.

Vocabulary:

A **conjunction** is a word used to join two clauses. There are different kinds of conjunction such as for time (e.g. **after**), place (e.g. **where**) and cause (e.g. **because**).
