

## Activity:

The aim of this activity is for children to practise prefixes. There are three questions to complete. The first two questions allow children to practise the skill, while the third question extends them as they have to apply their learning to get the answer.

## Vocabulary:

A **root word** is a basic word that has not been changed by a **prefix**.

A **prefix** is a group of letters added to the start of a **root word**. Examples of prefixes are 'un', 'dis' and 'mis'. The prefix changes the meaning of the root word, for example usual and unusual, regard and disregard.
