

Year 3 Using Adverbs to Express Time, Place and Cause – Guidance for Parents

Worksheet:

The aim of this activity is for children to practise using adverbs to express time, place and cause. There are a number of questions to complete. The first four questions allow children to practise the skill, while the next three questions extend them as they have to apply their learning to get the answer.

Vocabulary:

An **adverb** is type of word that gives more information about a verb. It can tell you how, when, where or how often. Some examples include **slowly, yesterday, regularly**.

An **Adverb of Cause** is often an alternative to because, for example otherwise, furthermore or since. They give a reason for what happens.

An **Adverb of Time** tells us when an action has happened, for example immediately, before.

An **Adverb of Place** tells us where an action has happened, for example below, above.
