

Year 4 More Than One Paragraph – Guidance for Parents

Worksheet:

The aim of this activity is for children to understand how to write more than one paragraph. There are a number of questions to complete. The first four questions allow children to practise the skill, while the next three questions extend them as they have to apply their learning to get the answer.

Vocabulary:

A **paragraph** is a group of sentences that share a common idea. A new paragraph should be started where there is a change of time, location, character or theme.

Fronted adverbials are adverbials which have been moved to the front of the sentence. The fronted adverbial is usually followed by a comma, for example: Before bedtime, she read her book.

A **pronoun** is a word such as I, they, your, or his that takes the place of a noun.

More Than One Paragraph

1. Describes a location
2. Paragraph three because it is about the cub called Luna.
3. Speech
4. True because it tells the reader the location of the characters in paragraph four.
5. Various answers, for example: In the blink of an eye, Karl had made it! Looking around, he shuddered. He had dreamt about what the portal might be like, but it certainly wasn't this! The air was thick with dust, making it difficult for him to navigate his way, and the only sound was the repetitive dripping of water.
6. Paragraph one introduces us to Karl. Paragraph two describes a location.
7. No, paragraph three focuses on the game. This sentence would fit better in paragraph two which focuses on the location.
