

Multiply by 10

Grace is planning to visit various tourist attractions over her summer holiday. She wants to travel to at least 2 different attractions, and she wants her total distance to be less than 1,000 miles as she is thinking about the impact on the environment.

Attraction	Distance
Zooville	10 times further than Rainbow Land
Bounce Park	10 times 32 add 24 times 10
Farmtopia	10 times 59
Space World	10 times 61 subtract 10 times 12
Rainbow Land	39 miles

Explore the different destinations she could visit.

Various answers, for example:

Space World = 490 miles, Zooville = 390 miles. $490 + 390 = 880$ miles.
