

## Perimeter of a Rectangle

Hannah has a square and 3 other rectangles. She has written the perimeter of one rectangle underneath it.

Some information is missing but the total perimeter of all 4 shapes is 420cm.

*not to scale*

Using the information given, investigate what the missing values and the perimeters of each shape could be.

Letter	Missing Value
A	
B	
C	
D	
E	
F	
G
