

## Activity:

The aim of this activity is for children to practise using modal verbs. There are three questions to complete. The first two questions allow children to practise the skill, while the third question extends them as they have to apply their learning to get the answer.

## Vocabulary:

A **modal verb** is a type of verb. A modal verb changes and affects the verbs in a sentence by expressing the level of degree, possibility, obligation and permission. For example, it might rain, it will rain, it must rain.
